Alternative Offer

This service is for both launched and non-launched projects (coin, token, NFT, game, etc) and other crypto related projects. This is the alternative offer given to projects to boost up there community, engagement, etc.

We'll give your project to our experts like **Collab Manager, Mega Shiller, Shiller & Content Creator** to render services to your project. They get paid as they work, which means that your funds is safe even if they don't deliver to our expectations. We charge 40% of the amount paid to us as management fee and other 60% goes to those roles mentioned above.

Standard Package

Price: Minimum budget is 100 USD

This consists:

- Collab manager role promotion
- Mega shiller role promotion
- Shiller role promotion
- Content Creation
- Service management

We promote launched and non-launched projects (coin, token, NFT, game, etc.) and other crypto related projects. Majority of our followers are investors and are based on global.

We are open for long term deals (usually preferred - best result), or multiple contents. This makes it cheaper per promotion of course.

All Crypty Chain communities:

- Markets Now | Link is private, this group consists of investors that have verified their wallets to show they hold projects, not just buy & sell the same day.
